The Wall of Death.

Editor of The Democrat-Forum: I notice in last week's paper that this city has at last realized the necessity of having clean streets. Now that part is well enough for sanitary conditions, but I want to call the attention of the people of Maryville to a corner that is in practice here of having new paper without removing the old paper. I have been called on to paper rooms when there was smallpox, scarlet fever, diphtheria and even consumption and in these cases parties died in those rooms. Just because those rooms were fumigated, the people thought that it was not necessary to remove the old paper, when in fact it was not only necessary to remove the paper, but the plastering as well. There is no way of fumigating a room where there is a shaggy paper and plaster.

Dr. Koch, of the Imperial Board of the Health of Germany in his report before that body made the following test of smallpox and scarlet fever germs in a 5 per cent solution of carbolic acid and at the end of fifteen days, they were found to be alive. Now what can one expect of rooms that have been papered for three to ten times without removing the paper? The other day I papered a room and when removing an old piece of wall paper from the wall, I found that the paper had been on those walls since 1884 and was put on by a man by the name of White. Many people cleaned their walls by sweeping them down before the paper hanger comes. The next time you sweep down your wall, just take a piece of dough that is somewhat stiff and hit the wall with it and see. Then you will holler and say who would have thought it?

Now what is needed is not only clean streets, clean alleys and yards, but also to stop peeling wall paper off of your walls without removing the old. There is no doubt of it, if done this way, we will have less disease and less moths to be carried from one house to another. Now what makes wall paper such a harbor of disease germs, is the process of manufacturing it. The adorning quality of the coloring of wall paper is casle gum which is a gum made from cows' milk. Now when you put vegetable matter in the way of paste and animal

matter together, is it any wonder that they create disease germs.

W. G. GROSS.

That "Drunken Debauch."

To the Editor of The Democrat-Forum: Judging from the number of inquiries that have reached me relative to the "drunken debauch" indulged in by the legislature on Sunday, March 15, The Globe-Democrat write-up must have had wide circulation and seems to have been accepted as true by a great many people who are in utter ignorance of the facts. I think it was very unfortunate that a session was held on that day, but after it was decided to have the session, I think it was the duty of every member to attend. A quorum could have transacted business and if those who felt that it was wrong to legislate on Sunday had remained away, those who had no such compunction could have had things their own way.

While I did not favor meeting on that day, I want to say The Globe-Democrat article was a gross slander and absolutely without foundation. I do not believe a single member of the house was drinking, and an absolutely sure none were drunk. The fight which occurred in the afternoon was over the Tellerton rider to the fish and game bill. When the bill passed, Mr. King, an employee of Mr. Tellerton, made a remark to which Mr. Stark of Cass county took exception and the fight ensued, but it was stopped in less than it takes me to tell it. Mr. Stark is a fine man, but noted for being quick tempered, and is physically able to back his temper.

The meeting on Sunday night was without any unpleasant incident and instead of breaking up in a "drunken revelry with rag time songs, closed with the best of feeling and nothing but religious hymns were sung. Mr. Lloyd, the Republican floor leader, and Mr. Frank Farris stood side by side in the front end of the aisle with a good choir around them and led the singing, and the entire crowd, including a number of ladies, joined in three or four of the old religious songs that we all knew were sung, and then hymn books, belonging to the Christian church were secured. I thought at the time I had never heard these old songs sung with more feeling and enthusiasm. Some of us there went over to the hall adjoining the senate chamber and repeated the singing. Nothing was done that would have been improper at any religious meeting.

Two or three of the members were mentioned by name in the Globe-Democrat. On Monday morning, when the reporter for that paper was excluded from the house, these men told with tears running down their cheeks how they had been wronged. The vote to exclude the reporter was practically unanimous and as many Republicans spoke in its favor as Democrats. I have been solicited to bring suit against The Globe-Democrat for libel and I have recently been informed that a number of members are going to do so.

MADE INSPECTION TRIP OVER CITY

Mayor Robey, accompanied by the street committee of the city council, composed of Aldermen Jim Andy Ford, Louis Gram and F. C. Conrad, made an inspection trip over the city Tuesday afternoon, to look at some of the sidewalks. The city council intends to make a campaign against bad sidewalks. City Engineer Flint accompanied the party.

Mrs. I. N. Garton of Darlington returned to her home Tuesday forenoon from a visit since Sunday with her mother, Mrs. C. Cummins, of South Market street. Mrs. Cummins is still very weak.

Misses Ruth, Alice and Helen Cummins, of Davenport, Iowa, spent Monday and Tuesday in Maryville with their grandparents, Mr. and Mrs. Low-Romasser.

THE SCORE WAS 5 TO 4

Was a Loosely Played Game—Lyons of Conception Sprained His Ankle in Sliding.

The Normals defeated Conception college Monday afternoon 5 to 4 in a loosely played game. Conception scored one run in the first inning. This was tied by the Normals in the second, and then for two innings goose eggs were hung up for each team. The balloon then went up for the Normals. Lehman went to first on an error, Aylward singled and Osswider struck out. A passed ball advanced each base runner one sack. Wortman went to first on an error, and Lehman scored. Lyons was thrown out at first, Silthorst singled, Felix hit for two bases, scoring Aylward and Wortman. Blatter was thrown out at first, retiring the side. Four to one for Conception.

The Normals pulled their balloon down then and let Conception take a ride in the last half of the sixth. Adams and Richardson received passes, Garrett struck out, and Perrin was thrown out at first. McGrew singled scoring Adams and Richardson. Chris pulled down the victory by striking out the first three men in the ninth.

Lyons sprained his ankle very severely in the seventh in sliding to second. His place was taken by Berger. Normals—Runs. Hits. Errors.

J. R. BENNETT HURT AT WABASH DEPOT

J. R. Bennett, who is employed on the farm of A. C. Nichols, five miles southwest of Maryville, was hurt while at the Wabash freight depot on Tuesday forenoon, where he went to unload some corn.

The local freight was standing on the track and Mr. Bennett drove between the two tracks and was backing up to the car, intending to unhitch the horses and take them away from the train, when the local freight began to move out.

The horses became frightened and backed the wagon on to the track in front of the moving engine. Before the engine could be stopped, the wagon was struck and Mr. Bennett was thrown out of the wagon, the back of his head striking on the rail of the track.

He was taken to Dr. Nash for attendance. Dr. Nash sewed up a deep gash on the back of Mr. Bennett's head, which is not a dangerous wound he says. The skull was not injured. But it was certainly a narrow escape from being killed.

Mr. Bennett will be taken to his home by Dr. Nash Tuesday evening. He and his family occupy the tenant house on Mr. Nichols' farm.

Mr. and Mrs. A. E. Pence of Clearmont, were business visitors in town Tuesday.

Easter Dinner Guests.

Mr. and Mrs. J. M. Hasty and their daughter, Miss Ethel Hasty, living six miles northeast of Maryville, entertained at Easter dinner Sunday Misses Nettie and Lulu Miller and Perry Miller.

DEATH OF A WELL KNOWN FARMER

David McKee, a well known farmer, living ten miles north of Maryville, died at 2:30 o'clock Tuesday morning, after a year's illness of a complication of diseases.

Mr. McKee had been a resident of Nodaway county for thirty years, and had always lived on the farm on which he located on coming to this county from Pennsylvania, where he was born sixty-three years ago.

He is survived by his wife and six children, Ira McKee, at home; R. V. McKee, near the home place; Miss Beasie McKee, Clifford, Joseph and Guilford McKee at home.

Mr. McKee was a faithful member of the Harmony M. P. church. The funeral arrangements have not yet been made, but will probably be held Thursday at the Myrtle Tree church.

Mr. McKee was born on July 13, 1847, at Newcastle, Pa. He came to Nodaway county about thirty years ago.

Four brothers and two sisters survive, being John McKee, of Ravenwood; Thomas and George A. McKee, of Newcastle, Pa., and Charles McKee, of Woodbury, Neb., and Mrs. Banks of Newcastle, Pa., and Mrs. Matilda Armstrong of Ohio.

RUN BOTH DAY AND NIGHT SHIFT NOW

F. P. Reuillard, proprietor of Reuillard cafe and bakery shop, purchased recently the ice cream fixtures of the Maryville Creamery Co., which has been closed since last September. Mr. Reuillard is practically the only wholesale dealer in the city that sells ice cream out of town. On an average, 300 gallons a day is made.

Another move Mr. Reuillard has made is to increase his facilities in his bakery department, which is considered to be one of the best in this part of the state. He has now a day and night shift in this department. This enables Mr. Reuillard to sell fresh bakery articles to the people at any time of the day. The move was made necessary on account of the increased business.

Another improvement made in his cafe was to remodel his parlor. It has been repapered and along the sides of the wall are tables with electric lights. It adds very much to the appearance of the place.

Mr. Reuillard is very progressive and has a store that is one of the best in this section of the state.

TOOK GIRL TO CHILLICOTHE TUESDAY

Sheriff W. R. Tilson left Tuesday noon for Chillicothe with Allie Amos, a 16-year-old girl, who was ordered sent to the girls industrial home at that city by Squire Johnson Monday afternoon. The young girl will remain there until she is 21 years old. She was charged with stealing a ten-dollar piece from the home of Bruce Johnson.

THIRTY TO GO TO ST. JOSEPH TOMORROW

About thirty of the business men will make a trip Wednesday morning to St. Joseph, where they are to be the guests of the Ad Club of that city at a luncheon at noon Wednesday at the Hotel Robidoux. The party will be met at the Francis street depot by a band and a reception committee and will be escorted to the Ad Club rooms. The trip will be made in a special coach furnished by the Burlington.

On a Visit to Grandparents.

Mrs. Russell of Keosau, Colo., and her little grandson, Warren Earl Russell, arrived in the city Monday night and are the guests of Mr. and Mrs. W. L. Johnson. This was Warren Earl's first visit to Mr. and Mrs. Johnson, who are his grandparents. His mother was Miss Verdie Johnson. Her death occurred in his infancy.

Ernest Weller of Maitland came to Maryville Sunday in his touring car and has been the guest of Fred Vandervoort and family on Prather avenue. He will return to Maitland on Tuesday evening.

Miss Elizabeth Wolke of Clyde was shopping in the city Tuesday. She was returning home from a visit with her sister, Mrs. Richard Tobin of Burlington Junction.

Dr. Charles Bell was called to Hopkins Monday noon in consultation with Dr. Charles Kirk of that place in regard to a threatening scarlet fever case.

WAS NOT DECIDED

NO ACTION TAKEN IN REGARD TO LOCAL OPTION IN MARYVILLE.

PLANS TO BE MADE LATER

At Which Time, Befinite Action Will Probably Be Taken By the Anti-Saloon League.

No action was taken by the Nodaway county anti-saloon alliance at a meeting held Monday afternoon by that organization in the parlors of the First M. E. church in regard to submitting the question of local option in Maryville next fall. At that time, the time limit will expire and the question can be brought up again. Local option was defeated in Maryville on September 9, 1907, by 199 majority, but carried in the county.

It is thought probable that at a later meeting something definite will be done, and that the local option issue will be brought up some time this fall. Many are of the opinion that it will carry this time.

A committee of three, composed of Rev. W. J. Purvin, Rev. Lee Harrell, and Rev. C. H. John, will arrange for places on programs at the county picnic for speakers representing the anti-saloon alliance. Another committee appointed was to provide speakers that will fill these places. This committee is composed of Anderson Craig, Herman Hall and the Rev. C. H. John. An advertising campaign is also to be waged by the alliance and arrangements are to be made soon to commence this feature.

Anderson Craig, representative from Nodaway county, made a short address to the members of the alliance and told about his county option bill and how it was defeated. The talk of Mr. Craig was listened to very attentively.

Some of the out-of-town people present at the meeting Monday were F. H. Badger, Barnard; C. H. Sautman, Reuben Barrett, J. C. Spahr and Geo. W. Fullerton of Skidmore.

Sold His Residence.

Charles Hudson has sold his residence on South Buchanan street to Mrs. Ed. C. Curfman. Mr. Hudson and his family will leave soon for Norfolk, Neb., to make their home. Mr. Hudson's territory as a traveling salesman for a St. Louis hardware company has been changed and Norfolk was the most central point for residence. It is said that there are 200 traveling salesmen who make their home at Norfolk.

Came to Attend Funeral.

Mrs. Susan Millon and daughter, Miss Anna Millon, of Rockport, Mo., who came to attend the funeral services of Mrs. T. H. Roush, who died a week ago, returned to their home on Monday evening.

Delegate to Presbytery.

Mrs. C. D. Leffler went to St. Joseph Monday evening to attend the Platte Presbytery in session in that city this week as a delegate from the First Presbyterian church of this city. Mrs. Leffler will spend several days there with friends.

Gone to See Ranch.

Henry Westfall left Tuesday morning for Pine Bluff, Wyo., to look after his ranch near there. He will be gone several weeks.

Mrs. L. S. Striger and daughter, Mrs. L. Hayener of Hopkins were in the city shopping Tuesday.

When a fool and his money are divorced some wise man is generally co-respondent in the case.

Senator Lorimer may find that a last year's vindication is as out of date as last season's millinery.

The shoe factories of St. Louis produce nearly thirty-four million dollars worth of shoes yearly and the tobacco factories of that city have an annual output of thirty million dollars.

Maryville has one important factory that asks nothing of the commercial club and waits on no investigating committee. And it is no small thing. That is the egg factory.

President Taft should mobilize a few troops along the borders of Breathitt county Kentucky. Intervention seems to be needed there and up to date we believe more people have been killed there than in Mexico.

The friends of Rev. Homer M. Cook will be glad to learn that the differences in his congregation at Kansas City have been adjusted and that there promises to be smooth sailing in future. There has been a division apparently irreconcilable for a long time in the Tabernacle Baptist church and he is not the first pastor that has been embarrassed by the consequent eruptions. If he succeeds in restoring harmony there, he will have accomplished much.

There have been so many unreasonable rumors concerning the closing hours of the last Missouri legislature as a result of the Globe-Democrat's vicious misrepresentations that Representative Craig has thought best to answer all inquirers by a statement of the facts. The matter was so thoroughly denied at the time that the Democrat-Forum has not thought it worth dignifying by notice. A resolution was unanimously adopted at the time by both Democrats and Republicans denying every word of the Globe's accusations, yet some small partisan exchanges have repeated it regardless of its utter want of truth. The supreme court of the United States has just affirmed a decision giving Sam. B. Cook damages to the amount of \$50,000 against the Globe-Democrat because of its libelous publications against him a few years ago. The policy of the Globe in the past seems to have been that nothing was too severe to say against a Democrat or a body of Democrats but a few lessons like that Mr. Cook gave to it may serve to make its policy a more reasonable one.

IS THE GOVERNOR PLAYING?

Governor Hadley is making quite a record as a veto governor. He is vetoing many bills passed by the last legislature. Some of them may be as well left off the statutes, but many of them he agrees are worthy bills. His excuse for vetoing the measures which he says are desirable is that the legislature over appropriated the probable income of the state for the next two years. He began paring down the appropriations of the public institutions upon this theory and sticks to it.

The legislature acted upon information which they considered very reliable and believed they were keeping well within their means. Other state officials as capable of judging as the governor have insisted all along that the legislature did not over appropriate, and they still insist that the revenue will be amply sufficient.

The governor then either places his judgment above all others or he is playing penny politics to the acknowledged detriment of the state. The author of the bills vetoed is in every case some prominent Democrat and this fact is of course known to the governor. The governor claims that revenues have been exceeded in the appropriations to the extent of over one million dollars. This seems incredible in view of the array of authorities that deny it.

Brenlin Gives Complete Privacy

You won't have this experience with Brenlin. The body of the cloth is so heavy that shadows can not go through. Shade cloths that show shadows haven't body enough—and this is why they also bag and wrinkle.

Brenlin is a fine, closely woven material, made without filling of any kind. It has nothing about it to crack, has no chalk to fall out and leave unsightly patches and streaks.

The difference in material makes the difference in wear.

With the light colored Brenlin cloths, you get a soft mellow light. No more glare. With the greens and dark colors, you can shut out the light completely.

Brenlin is so much better than the ordinary shade that we have obtained the right to sell it exclusively in Maryville. We will gladly give you an estimate of the cost of Brenlin shades.

Our Special Order Shade Department.

We maintain a completely equipped shade department for filling special orders. We use only hand made material and Hartshorn rollers. There is no waste in buying special order shades and the materials are better than in shades made in a factory. The workmanship is the best.

Our special order shades will give an unequalled amount of wear, and they will always appear well.

We also carry factory made oil shades, with Hartshorn rollers, 36 inches wide and 7 feet long for 50c; water color shades, 36 inches wide and 6 or 7 feet long for 25c and 35c.

CONGRESS MAY TAKE ACTION

Taft Has Done All in His Power to Protect Americans.

SENDS SHARP NOTE TO MEXICO

Again Declares Lives of Americans in Border Towns Must Be Protected. President Has Received No Answer to His Last Note.

Washington, April 13.—President Taft feels that he has done personally all that can be done by him to control the situation along the Mexican border. He and his advisors believe that no congress must say whether the situation is grave enough to warrant intervention and its consequences.

Through the state department the administration played what may be regarded as its last card. It reiterated in no uncertain fashion the representations made to Mexico a few days ago that affairs like that at Douglas and Agua Prieta last week must not be repeated. Instead of awaiting the customary period for a formal reply from Mexico, the department asked for immediate assurances that there be no more fighting that endangered Americans in the border towns.

Information was also requested as to what measures the authorities had taken to prevent further combats of the kind. A few hours after the department announced it had issued this second demand, the dispatches from Douglas began to come in to the war department showing that the second battle of Agua Prieta had begun. No reply has been received from the Mexican authorities.

Executive Plainly Worried. The president is plainly worried. He talked but little the White House folks said, about Mexico, but the bulletins that came through the war department and through the press were taken to him wherever he happened to be and read with interest. He did not conceal the fact that he was intensely interested.

The president had two important conferences. He talked with Secretary Knox and he had a conference with Ambassador Bryce of Great Britain. The official explanation of Mr. Bryce's visit was that he came to talk about the proposed arbitration treaty between the United States and Great Britain.

It is practically certain that Mexico figured in the conversation. It is believed the ambassador explained to Mr. Taft the landing of the British marines at San Quintin, Mexico, last week. He was able to tell the president that the landing was only after Americans asked it, and it was explained that Americans came first and then British subjects asked for protection, when the British vessel of war put the marines ashore.

No Double Intervention. In connection with Mr. Bryce's visit a suggestion that there might be joint intervention in Mexico by the United States and England was discredited. It was pointed out that any such joint intervention would be construed as an acknowledgment by the United States that this nation is unable to handle the situation and that it would be almost an abandonment of the Monroe doctrine.

President Taft has told callers that he does not contemplate sending a special message to congress relating to the condition of affairs in Mexico. He has shown to leaders of both the senate and house the confidential correspondence dealing with Mexico.

O'BRIEN GUEST OF KOMURA

Tokyo, April 18.—Count Komura, the foreign minister, gave a dinner for Ambassador O'Brien and the staff of the American embassy in celebration of the recent conclusion of the new Japanese American commercial treaty. Premier Katsura was present.

In offering a toast to President Taft, Count Komura said that sincere friendship had "built a foundation which cannot be shaken by a campaign of falsehood and misrepresentation which is worthy of a better cause."

REBELS BEAT OFF FEDERALS

Diaz's Troops Lose 200 Men.

GARCIA YIELDS TO U. S.

Leader Surrenders Himself Voluntarily as Individual.

REBELS RETAIN ADVANTAGE.

Bullets Again Rain in Douglas and Seven Americans Wounded.

Agua Prieta, April 18.—After seventeen hours of almost incessant fighting the battle between the Mexican federalists and insurgents came to an end, with the rebels still holding almost every position they had at the start, although during the night the federalists carried the battle to the borders of the town.

Just before nightfall the federal cavalry, each horse with two or three extra men clinging to it, made its way up a narrow ravine which extends to within 400 yards of Agua Prieta. Here the extra men dismounted and the horses were taken back for more until several hundred infantrymen had gathered close to the beleaguered town. Then darkness came.

This force crept up to the crest of the embankments and opened a severe fire upon Agua Prieta, shooting into every building within range of their guns, the rebels replying from the bull pen and every available cover. The federalists also brought to their aid a three-pound piece stationed to the southeast and were pouring shells into the city.

Following the onslaught upon the town, Balasaria Garcia, commander-in-chief of the rebel forces, crossed the line and surrendered himself to the American officers, but the loss of their commander had no apparent effect upon the determination of his forces, who kept up the fight with the same courage that had characterized their action during the day.

200 Federalists Killed. The most important battle of the Mexican revolution was fought here between 1,600 federalists, under command of Lieutenant Colonel Diaz, and 1,000 rebels, under Balasaria Garcia, and resulted in the repulse of the former.

The battle, however, was not finally decisive. Two federal machine guns are in possession of the rebels and the federalists had suffered a loss estimated by the rebels as at least 200 killed and wounded. The rebels gave their own loss at twenty.

At the beginning of the battle, regardless of the warning given by the United States government to the leaders of both forces, a rain of bullets poured into the American town of Douglas, and when the day was over it was found that seven non-combatant residents of that city had been wounded. It was a day almost of terror in Douglas.

List of Douglas Wounded. O. K. Goli, Tombstone, scalp wound on the side of the head, while watching the battle from Fourth street, Douglas.

E. Arce, Douglas, wounded instep. Frank Williams, blacksmith helper, shot in back while standing outside of the so called danger zone. Wounded dangerous.

Jack Hamilton, Douglas, wounded in back while watching the battle with forty others from the top of an adobe house several blocks from the international line.

Jesus Alcantara, Douglas, flesh wound in leg. Mrs. Larson, severely cut by shattered glass of kitchen window of a residence.

John Keith Douglas, wounded in leg while walking on the street. Soldiers Forced to Seek Shelter.

More than half of Douglas was under fire from the beginning until the end of the battle. The United States customs house was in the direct range of attack and soldiers near there were forced to seek shelter.

When the battle began, Colonel Shunk, commanding the United States troops, rushed his four troops of cavalry to the line and took every possible precaution for the safety of the citizens of Douglas, keeping them out of that portion of the city which was considered to be most exposed. This, however, did not save Americans from injury. Every indication points to a resumption of fighting today. If the federalists should prove successful it means that the battle will be carried to the streets of Agua Prieta, with increasing menace to the citizens of Douglas. There is a movement among the leading citizens of Douglas to send a large number of telegrams to President Taft asking him to safeguard the lives of American citizens.

Mrs. D. T. Stewart of East Second street is slowly recovering from a serious illness of typhoid fever. She is a patient at St. Francis hospital.

DON'T PULL OUT THE GRAY HAIRS

NO LONGER NECESSARY, SAYS A WRITER.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hairs, dull lifeless hair, or hair that is falling out is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea," which our grand parents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage, and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

RECIPROCITY DEBATE IN HOUSE

Lenroot Speaks for the Opposition Forces.

PASSAGE OF BILL ASSURED.

Dwight Declares Majority of Republicans Oppose Reciprocity, but This Will Not Defeat Measure, Even With Some Democratic Votes Added.

Washington, April 18.—"After a thorough canvass of the Republican membership of the house, I can say positively a substantial majority of the party will vote against the Canadian reciprocity bill," said Representative Dwight of New York, the Republican whip. The bill is to be put on its passage this week. This will not prevent its passage, even though several Democrats vote against the majority of their party. When the reciprocity bill passed the house in the last session a majority of the Republicans voted against it and the Democratic majority in favor of it has been greatly increased in the new congress.

Five speakers participated in the debate. Representative Fordney (Mich.), a Republican member of the ways and means committee, and Representative Lenroot (Wis.), an insurgent Republican, spoke against the bill. Representative Harrison (N. Y.) and Peters (Mass.), Democratic members of the ways and means committee, and Representative Crumpacker (Ind.), advocated its passage.

Lenroot gave an emphatic statement of insurgent policies and views. Questioned from the Democratic side, he said he opposed the reciprocity agreement because he believed it increased many duties. He said if the Democrats were sincere in their desire to put more articles on the free list they would attach the free list to the reciprocity bill. He accused them of wanting the president to veto their free list bill when it finally passed so as to make political capital for them.

"The progressive Republicans have never been free traders," said Lenroot. "I challenge any one to point to any speech made by a progressive Republican in congress or elsewhere advocating free trade. I stand for a protective tariff measuring duties by the difference in cost of production at home and abroad."

A Hopeful Message to Scalp Sufferers

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it is dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp the Charles Love drug store, on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city, secured the agency for the remedy. This remedy is Zemo, the clean, liquid preparation that kills the germ of disease, and Zemo Soap to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Maryville by Charles Love, druggist.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The best thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc. That women constantly complain of flat there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle as they did and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. V. B. Caldwell, R. 509 Caldwell building, Monticello, Ill.
